Wear Linda, Well, Giddo, here it is time for another wonderful school year to come to law end, and time for good friends to part, but it looks like we'll have to put up with each other for another year to come. In the longrum though, I guess I will be able to bear through it, grin and all! Wasted dway two pricious years here at 6 had High? (Just Kipping) I guess you and I have some of the fondest memories of anyone else Aire in E had High Kemimber our wonderful Social Studies 'classes last year with Mr. Malmo? and of course we Can't forget the horrible (excluse me, wonderful) times with Leter But with all these obsticles it looks like we still made it through our sophomore class and already in our Junior year With all the barries and such I'm sure you'll agree with me in saying that this has truly been a evonderful school year. I'm very happy for your & Bill, you make a dailing Couple always remember these fond memories of life in Chateauroux, you'll never have a dull moment. all the Luck of Love (you DON'T NEED IT BUT -) in the world to a crazy, but darling gal. At's buna pleasure to have you as a friend. I'M always thereshow frunding Linda! 1959-

### WE PRESENT...

The Fourth Edition of VAPOR TRAILS looks like any other high school annual, whether it is a product of the sophisticated East, the pinescented North, the sunny South, or the open spaces of America's great West. And that is as it should be, for the yearbook staffs of our eight United States Air Force schools overseas are Wisconsinites, New Yorkers, Georgians and Californians — some of us from farms, some of us from small villages, some of us from our country's great urban centers. Our schools look like any good American high schools; our teachers are Americans, following the same educational methods as any American teachers.

Walk into one of our high schools and you walk into America! Visit an English class and, like all America's high school English classes, it will be staring meekly at noun clauses or delving into the twisted psychology of "Silas Marner". Visit a math class and find the square on the hypotenuse of a right triangle, or the locus of a point, carrying on business as usual. Our science laboratories work in the practical American way, whether the subject is biology, chemistry or physics. Our historians study the whole world, and still give special attention to our own country. In this book you will also find evidence of typical American high school activities: pictures of clubs, games, cheer-leading, parties and plays like all of such pictures in all of America's high school yearbooks. Our cafeterias serve the same menus. Our assemblies serve up the same programs. All the same, VAPOR TRAILS shows the background as well as the foreground. And if the foreground is always the same, the background is always different. Ankara, Bitburg, London, Chateauroux, Izmir, Casablanca, Tripoli, Wiesbaden — they color our lives as we work and play. Some of us look from our classroom windows at old Roman arches, at Moslem minarets, at Gothic chateaux, at Norman cathedrals or at mediaeval castles or cottages. For some of us our only Christmas tree is an orange-tasseled palm; for others Christmas is knee-deep in diamond-bright snow crystals and the yule-log burns for nearly a week!

Nor is it only the background that makes our life different. No one can imagine the way people of other lands feel and think; unless he himself has lived in that land, eaten food from its markets, made friends with its people and exchanged ideas about everything with them. Because we have done all this, we like to believe that, as adults, we shall be more understanding in our dealings with other lands. We know how the Oriental feels about "saving face". Why the German takes even his smallest children with him to the beer-garden. Why every Viennese dentist plays the cello so beautifully. What the giving of bread and salt means to an Arabian host. Why the English feel so passionately that the milk must go into the cup before the tea does. We have learned not to irritate small prejudices and how to honor deep feelings. Best of all, our friends have taught us to see our own prejudices and deep feelings with a more objective eye. Lest we forget such lessons we have only to turn these pages again to remember. A strange and different year of our lives is crowded into these pages. That is why one of the most cherished mementos of our youth must be — VAPOR TRAILS.

#### Members of the Class of 1960:

It is with pleasure that I congratulate the 1960 graduates of the USAFE High Schools.

Graduation from American high schools in five countries on three continents will mean something more than graduation from high school at home. Your unique experience of obtaining an American education in a foreign country has given you the opportunity to gain an insight into the peoples of your host nation in Europe, North Africa or the Middle East. You have learned to understand and appreciate the customs and traditions of countries which for centuries have contributed to the cultural heritage of our nation. You have had the opportunity to make lasting friendships with the young people of your host nation and obtain a better understanding of the problems of their countries.

Through all this you have gained a new perspective and a greater understanding which will be of inestimable value when, as adults and voters, you must discharge intelligently your responsibilities as citizens of the United States of America. It now becomes your privilege and your duty to use wisely this priceless knowledge and understanding to further the cause of freedom and understanding among all the countries of the world.

My best wishes go with you!

FREDERIC H. SMITH, JR.

General, USAF Commander-in-Chief

#### To the 1960 High School Graduates:

My sincere congratulations to each of you. We, your families and friends, your teachers and your military communities, are proud of your achievements. Your unique situation of being American students in foreign lands has given you a double responsibility and has thus doubled your accomplishments. Not only have you achieved an educational goal for which you have been striving for a long time, but you have also served as junior ambassadors for America. Foreign opinion of American youth has been partly based on observation of your behavior. You have done well in demonstrating our way of life in a free nation as you have worked with the young people in your host community on music programs, art exhibits, welfare programs and community activities.

Your enlarged horizons, your depth of understanding and your increased knowledge of peoples and their problems have made you wiser and more sympathetic individuals, more ready to meet the challenges of this promising new decade upon which we have just entered.

And now, as you accept the responsibility of adult citizenship, you must assume your full share in the weighty responsibilities facing our country in its role of world leadership. The opportunities you have had for broadening experiences in a foreign land added to your American education with its emphasis on the ideals of liberty and freedom, have prepared you for active leadership.

I wish you every success in helping to build an ever greater and stronger United States of America and in understanding and helping other countries of our free world.

The Citadel

ANKARA

#### THE CITADEL

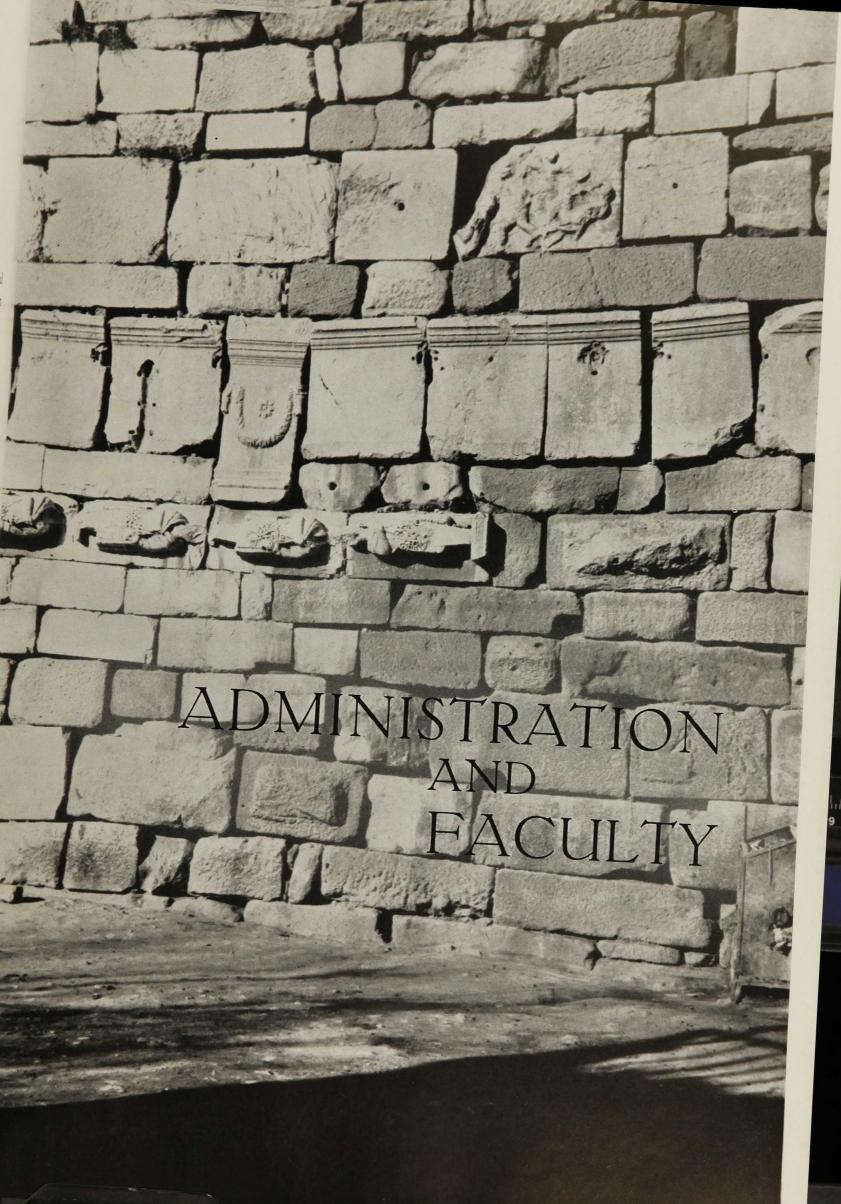

The ancient Citadel overlooking the city of Ankara rests on foundations made up of many stones. In a like manner, our characters are based on foundations composed of many different building blocks. The construction material with which these foundations are formed is, to a great extent, provided by the different social, athletic, and scholastic activities in which we partake during our high school careers. The foundations of our characters must be strong and enduring, as are those of the Citadel. With the importance of this in mind, adequate opportunities are provided at the Ankara Dependents' High School for student participation in a wide range of activities. The basketball and cheerleading teams, the Student Council, the newspaper, the dancing club, and the chorus are examples of the numerous and diversified extra-curricular activities that are offered at A.H.S. Combined with classroom efforts, they have proved to be a great help to Ankara High students in forming strong and well-rounded characters.

The Citadel of Ankara is also a touch of the old — a link between the colorful, fascinating past and the progressive present of Turkey. This country is rapidly becoming modernized, and the location of our high school has given us an opportunity to observe intimately during the past year the transition from old to new and its effect on the nation. While innovations were taking place all over Turkey, Ankara High also underwent some changes. Several new teachers joined the faculty, a change of principals occurred in the middle of the school year, and the new gymnasium was finally completed. At last we had our own home courts for basketball games.

Another year is almost gone, but in the years to come the memories of the teachers, classmates, and activities recorded in the following pages will bring to mind once again the gay times, the sad times, and the in-between times of the 1959—1960 year at A. H. S.

### AN EVENTFUL YEAR

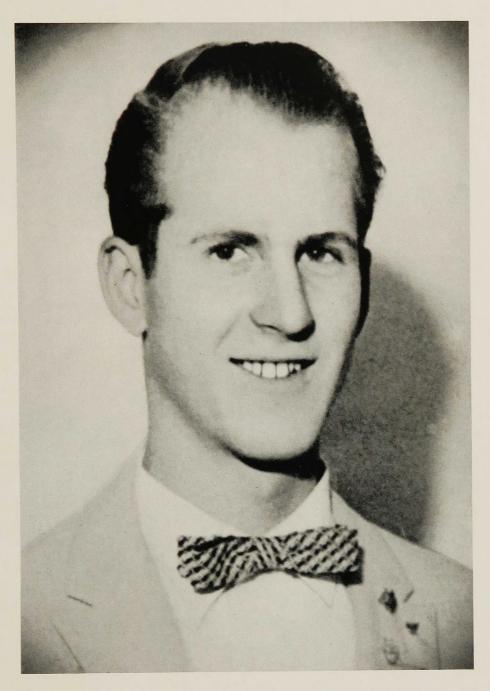

As we reminisce over our senior year at Ankara High, we will remember it as a year filled with activities and experiences of many types.

The first event was the election of class officers who were to guide us through our final year of high school. Then various projects were undertaken in order to finance the senior trip. Money poured into the class treasury from such sources as cake, cookie, and Christmas tree sales at the P. X. (remember the rain and the mud?), candy sales to Ankara High students during lunch periods, and the formal dances sponsored by the senior class.

The year continued to run its course. College board day drew near, hailed optimistically by some, dreaded by others, and was suddenly past. The senior class trip, a more than adequate reward for all our moneymaking efforts and thoroughly enjoyed by all, signalled the end of the year. The Junior-Senior Prom followed closely, with its wonderful atmosphere of dreamy music, soft lights, and sparkling wit, an event worthy long to remain as a cherished memory with us all. Then came the climax of the senior year: the solemn ceremony of graduation, with the Baccalaureate, recognition of high achievement, and the bestowing of diplomas.

One phase of our lives is past, and as we left A. H. S. we joined in the many good wishes and sad farewells of our classmates, for we realized that some of our paths would not cross again. Though a little sad, we will enter the next phase of our lives with cheerfulness and confidence, for our final year of high school has provided us with a large store of pleasant memories to look back on, in addition to being a greatly rewarding experience, both educationally and culturally.

## JUNIORS

#### CLASS OF 1961

Our main goal during the past year was to raise money for the Junior-Senior Prom. With one hundred per cent participation from the members of the class we raised enough money to give a real send-off to the proud and happy graduating class.

Altogether we sponsored four dances during the year. The first was the Back to School Dance which provided an opportunity for all the new arrivals to the school to get acquainted. Our Valentine and Mardi Gras Dances were also successful affairs. The Junior-Senior Prom, completely engineered by our class, was the biggest social event of the year. The beautiful decorations and soft music comprised an event which will be fondly remembered by all. The climax of the

evening came with the crowning of the King and Queen.

Sports-wise we were well represented with five of our class on the soccer team, four on the basketball team, and several on the track team. Four juniors were on the cheerleading squad and helped to give the team's morale a great boost.

On the Student Council we put responsible and competent members of the class. They contributed much to the Council and school with their ideas and hard work.

Our junior year here at A. H. S. has been a fruitful one indeed. The many friends we have made and the year of learning from our teachers have provided us with memories which will endure a lifetime.

## SOPHOMORES TRY TO BE "FIRST WITH THE MOST"

During the past year the Sophomore Class tried to be not only the biggest class, but the best. We got off to a great start by electing class officers. The lucky ones elected were sworn in and have done a lot to help the Sophomore Class rank highly in the school.

Sophomores, by active participation in many projects, have given the upperclassmen a reason to consider us a real addition to A. H. S. We added to our treasury by sponsoring the Roaring Twenties Dance and the Basket Ball. We worked industriously to make the Sophomore Bake Sale one of the best Ankara High had ever seen.

Having two years of hard work behind us, we are looking forward to the future hoping to remain an important leading body in the school for our two years as upperclassmen.

## FRESHMAN CLASS HISTORY

The Freshman Class of 1959-1960 has been very proud of its achievements this year. We began by suffering through Initiation Day from the moment we stepped off the buses with our clothes on backwards until that afternoon when we "performed" at an assembly. It certainly was a day for the seniors, but we had to bravely endure it and miraculously managed to survice.

Getting down to business, we elected officers for the two homerooms, Miss Burke's 9A and Mr. Hughes' 9B. Then in a class meeting Mike Miller was elected class president with Robert Gauthier as vice-president, Marcia Raab as secretary, and John Boutselis as treasurer. Soon after we had another class meeting which resulted in the freshmen planning the Spring Festival Dance, a gala affair which came off smoothly.

Ranking high in freshmen participation of the many activities were the soccer team, the basket-ball team, the cheerleading team, the newspaper, and the Student Council. Academically we can proudly look back at a record of high scholastic achievements.

This year has been one of lasting memories and it was with reluctance that we said our farewells on June 15, the end of one of our most constructive years.

## EIGHTH GRADE HISTORY

The eighth grade feels it must consider this a successful year both scholastically and socially. We spent many long hours studying to prepare ourselves for high school. All the usual eighth grade subjects were offered as well as shop and home economics. We had our choice of clubs, enough to suit all tastes.

For the first time the eighth grade was given a voice in school affairs. We feel that we have been well represented by Hope Chalfant, Susie Rogers, and Dorian Gibbs, as our Student Council representatives.

Other firsts were our basketball, soccer, baseball, and cheerleading teams. We had several dances, the first of which was a Christmas party on December 12. It lasted from 8 to 11 and was considered a great success. Our field trips, dances, parties, and athletic events were all well attended.

## EIGHTH GRADE HISTORY

Our class presidents were Barry Chalfant and Dave Powers; vice-presidents, Scott Haroldsen and Randy Poe; secretaries, Sharon Flowers and Irine Nute; treasurers, Pat Parker and Bobby Symes; sgt.-at-arms, John Baleski and Jim Sundstrom; wac-at-arms, Karen Horn and Rosie Landis.

In spite of all of our activities, we did study, and we appreciate all the work our teachers put into helping us learn. We look back on our rewarding, fun-filled year in eighth grade and feel a little regretful. But we quickly brush the feeling aside and look forward to the year ahead of us in high school.

## SEVENTH GRADE HISTORY

We were both excited and apprehensive about our first year in junior high school. We were handicapped at the beginning of the year by having such a large class. However, by the sixth week of school, seventh grade was organized into 7A, 7B, and 7C, under the sponsorship of Mr. Groethe, Mrs. Davis, and Miss Schumacher. After Christmas vacation Mrs. Kovacevich known as "Mrs. K" took Mr. Groethe's place.

The seventh grade enthusiastically took part in school government, the newspaper, cheerleading, and sports. Our main objective was, as one sponsor put it, the all-time job of getting a good education.

We look ahead to next year when we will be eighth graders and in our last year of junior high school.

#### STUDENT COUNCIL

Participating in Student Council activities enables many to learn about representative government through experience. The governing Council is composed of student-elected officers, and the representative Council is made up of classroom representatives. Together they do a commendable job of helping to co-ordinate school activities.

The student Council is continually undertaking new projects contributing to the improvement of school life at Ankara High. It has sponsored many dances and activities throughout the school year, and also sponsored field trips to two Turkish cities over the Christmas holidays.

Both the governing Council and the representative Council have contributed greatly to making the 1959-1960 year a very happy and successful one.

#### THE ANNUAL

Anyone passing by room 27 during activity period received an impression of utter chaos. The confused babblings of many voices as the staff members all expressed their opinions simultaneously, and our sponsors, Miss Schreiber and Miss Norton, insisting above the clamor that certain work be completed added to this impression.

At our first meeting our sponsors informed us of the hard work in store for us and the deadlines we would have to meet.

Our first challenge was the decision of a theme for our section. After debating and looking over the suggestions made, we finally decided upon "the Citadel". At the end of November we made a field trip to the Ankara Citadel to get more ideas on how to carry out our theme.

Next on the calendar came letters of application submitted by those interested in becoming editors. Finally, the staff was chosen and work continued under leadership of our editors pictured below.

After much hard work, our section was completed. We of the annual staff sincerely hope everyone will enjoy our contribution to the *Vapor Trails!*

#### THE KONUSMAKER

Co-operating closely, the newspaper staff and their sponsor, Mr. J. P. Green, have done an admirable job throughout the school year.

The name of the paper, Konusmaker, is derived from the Turkish verb meaning "to speak". Copies of the Konusmaker were sold every four or six weeks for ten cents or one Turkish lira each.

Sue Nanney, the editor, and Chris Thayer, assistant editor, worked hard meeting deadlines and solving the numerous problems which came up during the school year.

Editorials, feature stories, sports illustrations, and personal-interest articles are examples of the variety features included in the *Konusmaker*.

During the year a Christmas contest was sponsored by the paper in which the participants submitted themes, the winning compositions to be published in the paper and prizes to be awarded to the authors. Jon Van Dyke and Judy Jones tied for first place in the senior high, and Irine Nute won for the junior high. Each received a free annual.

#### THE CHEERLEADERS

Left to right: Vicki Buettell, Karen Haynes, Janet Akers, Madge Graf, Janice Rust Marcia Raab, Judy Burton, and Kay Campbell

The tryouts for cheerleading were held in the second week of October. The eleven best candidates were chosen to try out at a student assembly. The students then voted for the eight cheerleaders. It was evident that everyone had worked especially hard and the decisions which the students were forced to make were extremely difficult.

Two of our cheerleaders are new to Ankara this year and we have enjoyed the new cheers which they brought with them.

The cheerleaders attended all the games and gave the players added spirit. This year has been a successful one for the cheerleaders and the entire school is thankful for the spirit they showed.

Coach Reeves instructs the players during a time-out.

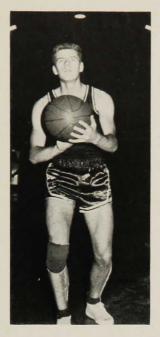

Dennis Wilson, a senior who has been the playmaker for the Trojans.

Jim Raab, a senior whose fine defensive work helped the team greatly.

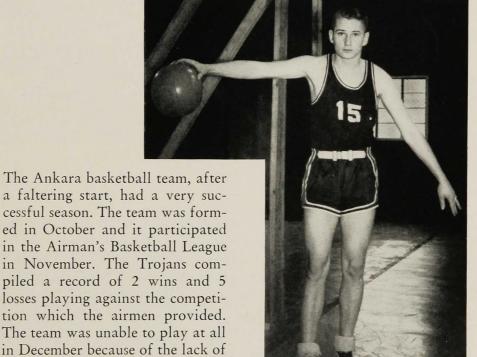

Mark Haroldsen, a sophomore who has added youth and spirit to the team.

John Sundstrom, a junior who has been very useful under the boards this year.

John Kissick, a senior whose all-around ability has added much to the Ankara team.

Bill Romine, a senior whose rebounding ability has won victories for the Trojans.

Our gym was completed in January and practice began again at that time. In late February and early March, the team went to Izmir,

playing facilities.

Athens, and Rome. It participated in the tournaments at Izmir and Rome and played against the high school in Athens. This trip was most assuredly the high point of the season.

Troughout the year the team displayed good sportsmanship and represented its school well.

This year's soccer team, under the expert guidance of their coach, Mr. Chagnon, has developed from a bunch of boys into an alert, co-ordinated team. They have worked hard since September, when practice first began. About fifteen boys went out at that time. The team played seven games against Turkish teams in the fall and played several more in the spring.

Although our team was usually out-classed by their Turkish counter parts, they have always done their best and are well appreciated by the entire student body.

BITBURG

This age of discovery, a decade of scientific phenomona, is the title bestowed upon the exciting era in which we are fortunate to be living — a time of theories, formulae, and new understandings. Each day men of science discover a new computation or solution which benefits mankind and therefore creates a better world in which to live.

Thus the world has become a busy, hurrying place filled with interesting, industrious and intelligent people. But, unfortunately, this renaissance of scientific exploration and discovery has not come without consternation. We are fast becoming caught in a web being woven by the scholars of our time. Blinded by the strands in the weave, we are forgetting to notice the fine and simple qualities in our lives. It is these very qualities which form the basis for happiness and pleasant memories.

We of Bitburg High School, in forming the contents of our 1959—60 Annual have kept this thought in mind. In keeping with the times we have created a formula as the theme for our year book. However, a different formula — a formula which, if followed, we are sure will result in happiness and pleasant thoughts! Here, then, is Bitburg High School's

# Student Council

Add STUDENT COUNCIL—our spice of life, A little fun amid the strife.
Student government at its best,
They led the way for all the rest!

Aristocrats of B. H. S.

This is Student Council?!?

The four symbols of the National Honor Society.

# Honor Society

Shake in our HONOR SOCIETY members, And their four candles glowing to embers. Leadership, citizenship, service, character— Each one an all important factor.

# We're not through with FORMULA REASONING

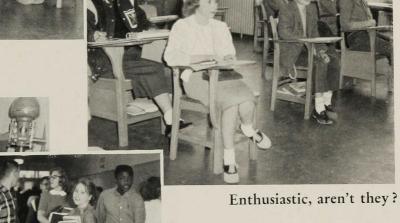

The mixture still needs
lots of seasoning
So the rest of your days
add joy and strife
And lead a most rewarding life.

## SCHOOL HISTORY

- 1529 Henry VIII establishes the Royal Deer Park of Hampton Court Palace in the area now known as Bushy Park Air Force Base.
- 1942 The United States Eighth Air Force sets up headquarters in "A" Block.
- 1944 General Dwight D. Eisenhower, Supreme Commander of the Allied Expeditionary Forces, establishes his SHAEF headquarters in "C" and "D" blocks.
- 1945 Nazi bombers list Bushy as number two priority target, "out-ranked" only by the Houses of Parliament.
- 1946 VIP's visiting Bushy include King George VI; Prime Minister Churchill; Field Marshal Lord Montgomery; Lord Tedder; and Generals Spaatz, Patton, and De Gaulle.
- 1952 "B" and "C" Blocks are turned into a Dependents' School. Central High is born.
- 1953 Enrollment rises to 250. Halls are crowded.
- 1959 Enrollment hits all-time high of 900.

  Halls are crowded. Students are allowed four minutes instead of three to change classes. A new track is built, bowling alley installed; additional locker space and two separate lunchrooms are provided.
- 1960 Centralites, proud of their school's progress, look ahead with confidence to the challenges of the future.

# The Wheel of Knowledge Turns at Chad High

Our wheel of knowledge turns past another successful and very memorable year at Chateauroux Dependent High School. It may have been an arduous road to tread, but as we progressed on our journey, we left behind the imprint of knowledge, fun, and experience on this never ending trail.

The balancing spoke in the wheel of Chateauroux High School represents our faculty and administration, who have given us the guidance and support necessary to become educated and better persons.

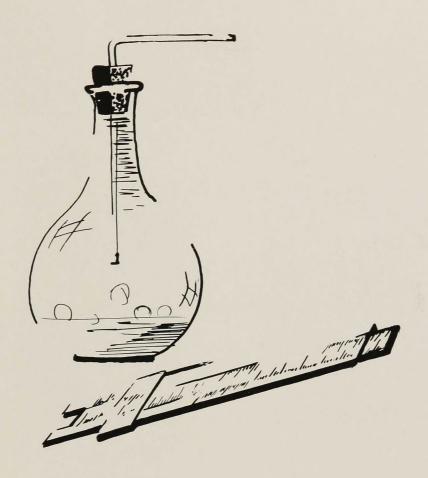

The recreational spoke includes the various clubs and activities that help us to develop our person-

alities and to improve our characters, as well as providing good clean wholesome fun for all.

The most exciting spoke, sports, was especially rewarding due to the thrilling title of Com-Z Champions. This spoke served as a great inspiration to the athletes and to all of the loyal supporters, thereby building good sportsmanship and increasing school spirit and morale.

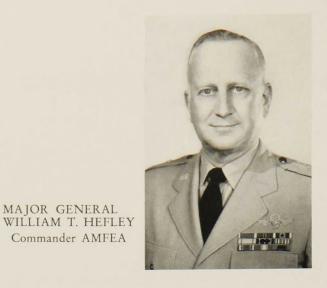

As individuals, each one of us has made this road deeper, longer, and wider through our contributions as the spokes continued to move the wheel smoothly into the future. And now, we dedicate this annual to you at Chad High who will continue to toil on this road and successfully move the wheel through the coming years.

# The Wheel of Knowledge Swirls for the Seniors

We, the Senior Class of '60, will always remember this year that capped our high school career.

As the wheel started rolling, we found ourselves immersed in such varied occupations as bake sales, *Macbeth*, raffles, Congressional law, dinners, and triangle measurements.

Our Christmas dance, Frosted Fantasy, was a glittering success with Sandy Land and Bob Engle as our Queen and King.

As the wheel reached its peak, we received our class rings. It looked as if all the seniors had broken fingers for about a week after.

The class chose London, England for the annual class trip and showed great ingenuity in raising

money for it. We'll always remember the fun when the shoes of the senior girls were sold.

It was a common sight through the year to see the lower classmen groan as the long line of seniors took their places at the front of the lunch line. We all took advantage of our *Senior Privilege*.

As an assurance of a successful year, we had outstanding leaders and co-operative classmates. We are very proud of our graduation class, and a little sad as we take the final spin at the wheel of knowledge.

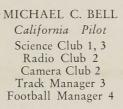

We bid farewell to all and wish the seniors of '61 as full a share of fun and knowledge as we have received. Many thanks to Miss Skinner and Mr. Sluis, as we would not have succeeded without their whole-hearted backing.

Au revoir. Hope we meet again!

# The Wheel of Knowledge Gyrates for the Juniors

Sixty lively juniors found this school year a particularly busy one.

A field trip to the nearby city of Bourges with its stately cathedral (392 steps to the bell tower!) and 16th century buildings was a pleasant respite from a full schedule of writing short stories, memorizing chemistry equations and composing speeches.

The juniors have played a big part in all facets of school life: football, U.S. history, cheerleading, the Championship Ball.

Our most ambitious project, the Junior-Senior

Prom, required a great deal of organization. In order to raise money we had numerous bake sales, slave sales, produced a class play and put on an assembly for the student body.

It is with deep appreciation we express our gratitude to Miss Grych and Mr. Foster, our sponsors, for their continual guidance in our varied fields of endeavor.

Even though we have had a wonderful year, the juniors are looking ahead to the day when we will move the wheel another notch and become sage seniors of Chateauroux High.

#### The Wheel of Knowledge Spins for the Sophomores

Our Sophomore Class with the aid of our sponsors, Mr. Maier and Mr. Feldman, accelerated the spinning wheel of knowledge with a combination of hard work and cooperation.

Seventy "wise fools" can now look back on a year that had our heads buzzing with geometry theorems and quotes from Julius Caesar.

One of the many scheduled activities was the educational class trip which took us to the pottery factory at Vierzon and the celebrated chateau at Valencay, the home of Talleyrand.

The highlight of our year was the delightful

Danse d'Amour given in the romantic hearts and flowers atmosphere of St. Valentine's Day. The fund raising and preparation for the dance was lots of fun too, with cake walks and more dancing.

We are very proud of our seven classmates who excelled on the teams and of our cheerleader who urged them on to victory.

Under the leadership of our efficient officers and with the guiding influence of our teachers, we have had a wonderful year and are looking forward to being upper classmen.

#### The Wheel of Knowledge Whirls for the Freshmen

The Freshman Class got off to a grand start this September amid much excitement and confusion. While four outstanding girls took over class offices, the boys were getting their first taste of high school sports: football, basketball, and track. We were ably represented on all teams and in the cheering section.

In October, the freshmen took a field trip to the chateau of George Sand and the war museum at Diors. We agreed that this was a thoroughly enjoyable method of education.

Back in the classroom, we found triumphant

satisfaction in our conquest of algebra equations, and we will long remember reading and analyzing *David Copperfield* in English class.

Under the guidance of Miss Allan and Mr. Taft, our sponsors and our class officers, we held a St. Patrick's Day Dance that left us all in a green haze.

As the wheel of knowledge rolls onward and we become better acquainted with the high school atmosphere and its customs, we freshmen of '60 look forward to the coming school year as sophomores of Chateauroux High.

# Junior High The Wheel of Knowledge Revolves for the Junior High

In September we presented 235 shining faces to our homeroom teachers and immediately tackled a round of studies that included six subjects and (for the first time) six separate teachers. At first it was a blur of lost text books, keyless lockers and disappearing pens and pencils. However, we soon learned to separate and organize precious bits of knowledge such as decimals, resources of the world, and French conversation.

For the second year we demonstrated scientific

experiments at the Science Fair. In a lighter mood, we learned new dance steps at our Christmas dance, Silver Bells. The boys practiced hard to form the junior high basketball team.

In May we took an interesting field trip to see the 20,000 year old paintings in the prehistoric cave of Lascaux.

Our wheel of knowledge turned so fast it threw out sparks!

The wheels of fortune have really been spinning for the CHAD HIGH Student Council during one of its most prosperous years.

The Student Council went into action with an all school assembly and election of officers. Two representatives were then elected by each class. Later a parliamentarian and a D. Y. A. representative were chosen to attend Student Council meetings, but not to vote. The Junior High was represented on the same basis.

Our hard-working sponsors, Miss Lockwood and Mr. Marks, helped to keep the wheels rolling through many worthwhile and interesting activities. Among the projects were an All-France Conference in Verdun and a Christmas visit to a French old-folks home in Chateauroux.

Around the school, the Student Council has helped to improve both the attitude and dress of the students and the atmosphere and looks of the grounds. Recommendations were made to the administration for awnings, door knobs, flower boxes, and other materials to improve the appearance of the school.

We sincerely hope that the progress made by the CHAD HIGH Student Council of 1959—1960 will be of benefit both to the future Student Council and the student body.

The National Honor Society, sponsored by Mr. Carpenter and Mr. Foster, is a new organization this year. We are proud to add this to the record of our achievements at Chateauroux High School. The purpose of the Society is to give recognition to the students who have excelled in scholarship, leadership, service and the development of character. To qualify, a student must possess these qualities, maintain a B average and be approved by each member of the faculty.

In November, an assembly was held for the purpose of tapping our first members. In December, the impressive formal ceremony of induction was held. Our secretary received the charter of the new chapter from Mr. Matthews, the principal.

Candidates for membership were challenged by Mr. Carpenter; each accepted by holding a lighted candle and giving his pledge.

Our activity agenda this year included programs on: Music Appreciation, The Theater, Great Moments of History, Great Thoughts of Man, Great Games of Man, Scholarship and the Great Books Program. Also an assembly was given for the entire school with a prominent French businessman recounting his experiences during World War II.

Under the qualified leadership of our officers, we have built a firm road on which the wheel of knowledge may smoothly turn in future years at Chateauroux High School.

Have you seen Mr. Zander?" asked Wilma Broderick. "I need the class pictures to lay them out today." "Miss Stang, will this be suitable for the division pages?" inquired Susie Greer, art editor. These questions plus numerous others were heard as the needed materials were assembled to carry through our theme, "The Wheel of Knowledge".

The first meeting in September was spent in filling out lengthy information forms. Our editors were chosen on the basis of these forms and their letters of application.

Various jobs were set and the entire staff began working to prepare our section of the 1960 Vapor Trails. Cameras were snapped, facts were gathered, and art work was drawn at a fast pace.

Dave Garrison found the students eager to pose for annual shots, while DeDe Bennett organized the information necessary to complete the pages. The business staff under Lynn Golubic sold copies with the help of some very ingenious advertisements on posters and in the student bulletin. The sports section is an acknowledgement of the outstanding achievement of Chad's athletes. This was accomplished by Sheila McCarthy, our sports editor. The most tedious job was the one done so well by Wilma Broderick and her staff on the lay-out division.

Each page of this annual is a lasting memoir of the many activities that have taken place this year. It is the hope of the annual staff that you enjoy our section of the Vapor Trails as much as we have enjoyed making it a 1960 diary for you.

Busy getting the annual ready for publication are Wilma Broderick, Pete Ryan, and Deon Holdaway.

rosted fantasy

With Miss Allan as our sponsor, the C'est La Vie staff worked diligently to maintain its reputation for journalistic achievement.

The officers were elected in September and immediately began work on the October issue. The staff kept many of the trademarks of the previous years, including the distinction of being the only printed high school newspaper in France. Some "firsts" this year were: printed question sheets, the suggestion box, colored ink for the holiday paper and a literary supplement.

To raise money for printing costs we had bake sales and noontime movies. We also were sponsored by various base organizations.

We worked hard to incorporate the students' suggestions in our issues. Due to the cooperation of all the staff, C'est La Vie performed its double function of informing and entertaining the students of Chateauroux High.

Working hard on the February issue of C'est La Vie are Michelle Aguilera, Pat Dupler, Sheila McCarthy, Susan Roy, Marcia Wight, Sherry Bergendahl, and Suzi Greer.

#### Debate Club

Vernon Garrett, Trish Burley, Craig Sams, Steve Oulman, Louis Barnett practice for the tournament.

Due to the effort of Mr. Carpenter, a forensic league was formed for the dependent high schools in France. This league includes Chateauroux, Paris, Poitiers, and Orleans.

In its second year of activities, our Chateauroux group won the first semester's championship by defeating every team they competed against. In Poitiers, the affirmative Vernon Garrett and Carol Crofutt ripped into Poitiers' negative. In the second part of the debate, our negation, Louis Barnett and Trish Burley blasted Poitiers' affirm-

ative. In Orleans, the first and second best affirmative speaking awards went to Vernon Garrett and Craig Sams respectively. Louis Barnett and Trish Burley won the first and second best negative awards. Their topic for this semester has been: Resolved That Total World Disarmament Should Be Adopted Immediately.

On February, the first Semi-Annual French Forensics League Tournament was held here at Chateauroux. After a series of eight debates, Chateauroux again emerged victorious.

#### COM-Z Football Champions

Across the plains of France and into the heart of the Chateau country came the roaring Sabres. Led by the All-France scoring combination of Fletcher, Grimm, and Oyler, the Chasmen struck fear into the hearts of opponents as they drove their way to the Com-Z Championship.

The first game of the season saw a determined Sabre squad face the strong Poitiers Panthers in a close-fought duel. On a mud covered field the Sabres quickly gained control of the game when Ron Fletcher passed the ball to Clint Oyler for a touchdown. Larry Foster carried the ball over for the PAT that made the final score 8—0 Chad. The second game of the season faced the dynamic Sabres against the big Paris Pirates. The first score of the game came on a pass from Fletcher to Grimm, with Fletcher carrying the ball over for the PAT. Fletcher threw touchdown passes to Bill Koch and Clint Oyler. Twice the star quarterback carried the pigskin over from two and thirty yards out. Backing up this fine scoring combination were Bob Miller, Doug Nyberg, Harold Nyberg, Louis Barnett, Joe Wright, Larry Oyler and Bill Hole.

The most decisive victory of the season came at the expense of the Orleans Trojans when the Sabres pushed them all over the field to the tune

Coach Elliott, Co-captain Larry Foster, Co-captain Ron Fletcher, and Coach Henderson at the football Victory Banquet.

of a 40—0 beating. Again leading the Chateauroux scoring combo was Ron Fletcher who accounted for 32 of the Sabre 40 points. Passes of 12 and 30 yards to ends Dennis Grimm and Clint Oyler brought the score up to 16—0. Fletcher then carried the ball 80 yards around left end for a touchdown. The next score came on a pass intercepted by Doug Nyberg on the Trojan 20 yard line. The complete icing of the game occurred when the star co-captain toted the ball over on a quarterback sneak.

One of the roughest games of the season was the 26 to 16 victory over the Verdun Falcons. After having three touchdowns called back, the Sabres finally got rolling with two Fletcher to Koch scores of 15 and 23 yards. The other two touchdowns were scored by the sensational junior quarterback. For the first time the Chateauroux defense really had to battle as they fought Ronnie Tapp and Company on the home field. After a goal line stand, the Sabres won their fourth straight victory.

The championship game against Poitiers proved to be the most exciting of the season. Again facing the rough Panther defense and offense, the Sabres had to fight for their lives and the final 40—30 victory against this determined team. In this game Fletcher threw passes of 12, 25, and 28 yards to Dennis Grimm who went over for the scores. The other scoring pass was a 20 yard heave to Clint Oyler. Besides hitting with these four tosses Ron Fletcher carried the ball for two other touchdowns. Also playing brilliantly for the Sabres was a fine fullback, Bill Slinkard, who churned over for two PATs and speedy Joe Richards who took off on several long jaunts.

The Chateauroux Sabres were the leading offensive team in Europe with 154 points. Ron Fletcher, Chateauroux quarterback, led European scoring with a high total of 57 points.

Many thanks go to the two wonderful coaches Elliott and Henderson who molded our team into the one which won the France Championship in an undefeated season.

#### Basketball

A small but hard fighting team opened the basketball season on December 4th. Under the fine coaching of Mr. Marks and with the 1959 Class B European Championship tucked under their belts, the Sabres were hopeful of copping the first game against the Poitiers Panthers. A zone defense and outstanding shooting and rebounding by Ron Fletcher, Joe Richards, Bill Hole, Bill Slinkard, and "Manager" Grimm won the first game of the season 43 to 29.

Traveling to Verdun the Sabres met a tall squad on an unfamiliar court. In the first game the Sabres had 31 fouls called on them, and eleven in the final period.

Thirteen points by Bill Hole and nine by Ron Fletcher couldn't pull the game out of the fire as the Sabres lost their first athletic event in a year 50 to 46.

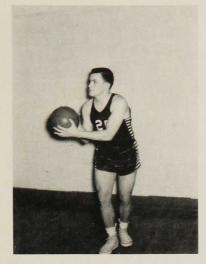

Revenge and victory were on the minds of the mighty Sabres as they swept out on the court that second game. Outjumping Jim Wheat and holding McChristy to two points, the Sabres roared back into the winning column. Outstanding playing and hustling by Bill Slinkard, Larry Foster, and highpoint man Bill Hole staggered the weak Verdun defenses.

The dreaded Paris Pirates had come to town! In the eyes of many this was the test of Castleberries incorporated. But a leg injury to Jim meant that the Sabres had only one of this famous duo to cope with. A fired up Chateauroux squad went into the first game. Hard playing and fast scoring were the pass words throughout the first half. With some ball handling magic by Foster, Fletcher, and Slinkard, and some amazing rebounding by Joe Richards, the game was controlled for Chateauroux. As the end came in sight, it was obvious that the Sabres were on their way to victory.

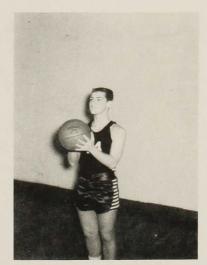

The next day Chateauroux won her most decisive victory of the season 50 to 41. Bill Hole led the Chasmen with a season scoring high of seventeen points. Following close behind in offensive action were Larry Foster and "Little Joe" Richards with twelve and nine points respectively. Big Pete Hidalgo threatened the Sabre lead when he poured in sixteen points. The Sabre defense held tight and a freeze in the last few minutes of the game sewed up the game for Chateauroux.

To reach the end of a long sought goal is both joy and sadness. Joy, brought about by the feeling of accomplishment, of attainment, of good times remembered, and of good times promised, was ours. Sadness brought about by the knowledge that one thing is complete, that familiar faces soon will be gone, and that from this point each goes a separate way, was realized. Indeed, the time of childhood is finished and the door of the adult world lies open. We look forward to the coming years with assurance brought by the knowledge that we are, we have been, prepared to meet our separate futures.

Juniors is a name only, for we were indeed *senior* citizens. With our new place in the school world came added responsibility and with fulfilled responsibility came the feeling of success, which created the desire to be even more successful. In this year we began to realize more fully that being

a student is not a passive position, that a good school is the result of the interaction of challenged pupils and challenging teachers. With the experience and knowledge gained from three years in high school, we look forward to our fourth year, the final and most rewarding year.

#### SOPHOMORE CLASS

We learned that a good school year consists of work and fun, and not always in equal parts. We found, however, that hard work in itself may be enjoyable. A difficult task successfully completed brings a reward, a satisfaction unlike any other. This year brought to us an appreciation of work which before was unknown, not understood. Our sophomore year brought the knowledge that work is part of man's destiny and the realization of our place in that destiny.

#### FRESHMAN CLASS

In the beginning we were new, green, and a little frightened. The freshman year was long awaited, and when it came we found we were not unprepared. As the year progressed we became less insecure and became more sure of ourselves. Our assurance led us into an active place in the school,

a needed place. We found that a school is made up of many parts, separate and varied, but each part is dependent upon the other. Our place in this picture was necessary for its completion. Our class and its contributions helped make this a good year.

#### EIGHTH GRADE

This, our second year in junior high school, began as a time of hope, a time of promise. The hope that we might truly live up to the admirable standards, the high achievements set by the previous classes and the promise that this might, indeed, for us be the most memorable of years, encouraged us to do our best. As the year progressed the dreams we had fulfilled themselves in our classmates and in our teachers. This year's accomplishments make us eagerly look forward to the remainder of our school days.

#### SEVENTH GRADE

The beginning of school was for us, as are most new experiences, strange and wonderful. Our first year in junior high school! We were proud of it and a little frightened by it. But as the weeks passed into months, we learned, we grew, and we became a part of the high school, a necessary and contributing part. For us it was a year of "firsts" . . . our first Student Council representatives, our

first high school dances, our first recognition as teen-agers, our first contact with "now you are in high school". This year has been a period of training and of development. The cooperation, understanding, and kindness of the faculty and the upper classmen have helped us through the "first year" and make us look forward with eagerness to "next year".

The Student Council of Izmir Dependent High School inaugurated its officers only after a vigorous and colorful campaign, complete with campaign managers, buttons, posters, and speeches. Bob Siegal was elected president; Kurt Zacherle, vice-president; Mary Ellen Grumlish, secretary; Joe Anglin, treasurer.

Fire Prevention Week did not go unobserved by the Student Council as the Fireman's Ball commenced the social season of 1959—1960. This proved to be one of the most successful functions of the year.

The Student Council has been of service to our school in several ways. The School Calendar was a great help in coordinating activities and preventing conflicts. The Safety Committee helped alleviate the dangers of our congested hallways between classes. Student Councils of the future will function under the Constitution we created.

The Council's year was pronounced a success with the completion of a very fine Leadership Conference with the Ankara Dependent High School.

## **MODERNS IN MOROCCO**

The ancient culture of Moslem Morocco has remained almost unchanged for centuries. Once outside the gates of Nouasseur Air Force Base, one can see people living the same lives lived by familiar Biblical characters. Near our school are camels being ridden by turbaned men, followed by veiled women.

Our theme "Moderns in Morocco", is dedicated not only to the young Americans here, but to the progressing Moroccan people and their changing country, of which we are proud to be a part.

#### **SCHOOL HISTORY**

Nelson C. Brown Dependents School has been very active during its eight years of educating the children of military personnel. The school has come a long way from a school in dallas huts to its present site.

The well-established tradition of Freshman initiation, the Sadie Hawkins Dance, the Christmas Formal, and the Valentine Dance were duly carried out. A homecoming tradition was established this year.

The Student Council, the Annual Staff, the

Newspaper Staff, the Chorus, and the Band, all established last year, added to the Pep Club and the Red Cross, which were just started this year, provided a wide variety of activities.

We lost our Supervising Principal, Mr. Downing to Wiesbaden. In return we received Mr. William Easley. We also were pleased to have Mr. Baca as our new Assistant Principal.

This has been a wonderful year to add to the history of Nelson C. Brown Dependents School.

CLASSES

### SENIORS

The Senior Class of 1960 is a small but active one. Everyone remembers the Freshman Day and Dance in September, and the Homecoming Dance in November sponsored by the Senior Class. The annual Christmas ball crowned 1959 as a gala year, and set every Senior's sights on June. With PTA programs, coffee concessions, and bake sales

we were kept busy earning money for our trip in the spring. The football, basketball, track and soccor teams were well supported by the Senior boys, and Seniors were found putting out newspapers and planning annuals. We will always remember our years at Nelson C. Brown and be proud of our Alma Mater.

### **JUNIORS**

We, the juniors, are proud of the part we played in the year 1959—1960. We started out by being the largest class in the High School.

Our Sadie Hawkins Dance was a tremendous success. We also had Bake Sales which helped us to earn money for the big dance of the year, the Junior-Senior Prom. Many of us took part in a

good portion of the school's activities, such as football, basketball, baseball, soccer, Student Council, cheerleading, and the various clubs. But even with these many and varied activities, we upper-classmen cannot feel that our year will be complete until we reach our biggest goal — to be the Seniors of 1960—1961.

### SOPHOMORES

School started early in September, and our Sophomore Class willingly began its activities. We were no longer "Lowly Freshmen" wandering around in a daze, but a class filled with determination to do its best for our school and ourselves.

During this year we have participated in and sponsored many and varied activities but our best effort was put forth for our Valentine Dance.

Second to that was our willing work on the campus project. Of course, all our school teams were well supported by our class members and our cheerleading squad even boasted a sophomore member.

But with all the good times of our sophomore year, we are still looking forward to the day when we will be upperclassmen, "Mighty Juniors".

### **FRESHMEN**

When school began in September, 1959, many of us freshmen came to Nouasseur High School with feelings of both timidity and pride. We began to work hard to become a part of our fine high school. Several weeks after school began, we elected officers to represent our class this year. Time has shown our choices to be good ones.

Our contributions to our school have been as numerous as the contributions our school has

made to us. Some of us were on the football team; all have done work on the school grounds and every one worked hard on the freshman-sponsored spring festival, which was a highlight of the year.

We have laid firm foundations this year which will last past high school and into life. But even though we've had fun as freshmen we still say, "Wait till we're seniors, boy!"

### JUNIOR HIGH SOFTBALL TEAM

The junior high school students had two very active softball teams this year. They were organized in late September under the supervision of Coach John Winkler.

Along with their home games, the two traveled to Port Lyautey, Sidi Slimane, and Rabat for several games. The girls' team had 14 members; the boys team had thirteen.

Both teams played very good games and showed lots of school spirit.

In the tournaments, the boys' team won first place, and the girls' team won third place.

Wonder what's up with the Junior High?

Soon after school started this year, the announcements went out asking if anyone would be interested in joining the annual staff. Within a few days we had a group of 20 new and old students eager to go to work. To start things off and earn some money for the yearbook activities, we had a bake sale early in October which was a big success.

Under the watchful eye of our art teacher, Mr. Wieden, the annual staff worked steadily through the year to meet the deadline. Everyone worked feverishly to turn out the best annual to roll off the presses in Wiesbaden.

Each new step seemed just a little harder than the last as we gathered pictures, interviewed students

and various personalities, and diligently turned out article after article. As we worked, we learned many new words and terms such as layouts, cutlines, idents, dummy, and art blocks. Also, we certainly gained a better understanding of the word "deadline" as the members of each staff held their breath while they worked hard to get all their articles and pictures in on time. The typists were kept at full speed in order to keep up with everyone else.

As we cut pictures and put articles together, we began to get the feeling of pride and satisfaction that you get from a job well done. And then, finally, the staff could rest on its laurels, for it had accomplished its goal — THE ANNUAL WAS IN THE MAIL!

The "Nomad", which mysteriously appears every two weeks, has been one of the highlights of the school year. Although the staff got a late start, they worked hard, and under the patient guidance of Mr. Thyfault, have entertained the students with various publications.

Through the newspaper, the students are kept up to date on college news, coming from the guidance counselor, learning techniques, coming from one of the principals, and interesting school news, coming from student reporters. Other weekly articles include sports, a feature teacher, a feature article and a letter from the editors' (which always gives us food for thought). As most of our

19 members had never worked on a newspaper before this year, it has been quite an interesting experience as well as a lot of fun.

Our co-editors, Sarah Hodges and Carole Walters, did a very fine job organizing the staffs and helping them to see that everything came in on time and was ready for "print".

The newspaper staff held a contest at the beginning of the year to name the paper. The winning title of "Nomad", submitted by our sports editor, Richard Lord, was chosen because of its reference to tribes of Northern Africa, as well as the exciting life of all Air Force dependents.

### STUDENT COUNCIL

Back row: Ron Harrell; Guy Smith; Kathy Sexton; Bob Hunter; Charles Eves; Lynn Harrell; Robert Algieri; Ann Riddle Jane Gibbons; Mr. Farber, Sponsor

The Student Council was one of the most important organizations in the Nelson C. Brown School. Our purpose was the organization and coordination of activities.

In about the third week of school, elections were held to choose the Student Council officers. Campaigning was at a peak and everyone thought long and hard about whom they would vote for. Then the big day arrived and the votes were cast. When the results were counted, we had our new President, Gene Tiller, a senior. The other officers were Jim Perry, Vice-President; Sheryl Usher, Secretary; Al Marrin, Treasurer and Tony Lytle, Sergeant at Arms.

These students all did a very good job throughout the year, especially Jim Perry who took over as President when Gene Tiller had to leave us and go back to the states.

Some of the achievements of the Student Council this year were the institution of a scholarship fund for an outstanding Senior boy and girl, the organization of a Lost and Found Department, a beautification project for the improvement of our campus, the sponsoring of the Combo program, and the institution of a Committee for Homeroom Activities.

Our motto was "Not for we but for thee". Many of the campaign promises made early in the year were achieved through hard work and good planning. The Council earned the respect and confidence of both the student body and the faculty.

## **COUNTER POINTS**

Left to right: Tony Lytle; Bob Huff; Ron Harrell; Mike Zamperini; Jim Perry; Bob Allman; Mr. Threlkeld, Sponsor

The combo, under the supervision of Mr. Threl-keld, was organized early in the year. Their goal was to inspire interest and study in the various styles of the only "American" music—Jazz. The combo plays Dixieland, Modern, Bop, Ragtime, Blues, and Ballads.

Early in January a contest was held to find a name for the combo. The winning name was "The Counter Points".

Some of the activities the combo participated in during the year were:

The Annual Jazz Festival at El Minzah.

The Annual Jazz Festival at the Nouasseur Service Club.

Gave an assembly for the school on January 13.

The base production of the play, "Guys and Dolls".

A radio program.

Played for several base organizations.

The Nouasseur School Chorus, directed by Mr. Threlkeld, is the combined efforts of the Junior and Senior High. This was our most popular organization this year as over 70 students joined within the first month of school. The chorus meets twice a week at noon. Their aim is "singing for the enjoyment of others".

The chorus entertained at the Thanksgiving and Christmas assemblies. Other activities in which they participated during the year were singing for the P. T. A., and for a Casablanca orphanage.

# TRIPOLI LIBYA

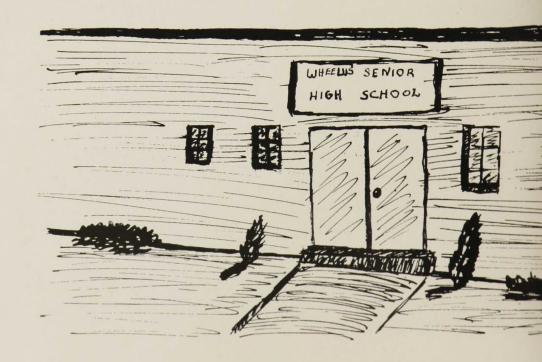

## WHEELUS

## Our School . . .

The Wheelus American Dependents High School, situated just a few short blocks from the Mediterranean Sea, was founded at Wheelus Air Base, Tripoli, Libya, in 1950. Over the past ten years the school has grown from a small seven room school which had one hundred and ten students to a larger and better eighteen room school with four hundred and twenty nine senior high students. Just a few steps from the senior high school there is another building which is used by the junior high students. On the east side of the base, approximately three miles from the junior and senior high school, there are three new buildings occupied by the elementary school children. Two new wings on the elementary school have recently been completed, making room for the ever increasing number of children who are beginning their education.

We at Wheelus feel very fortunate to be guests of this new country in an ancient land and are taking every opportunity to further Libyan-American relations.

In this, our 1960 yearbook, we have tried to show you how our school life is mingled with the people, the tradition and the beauty of Libya.

## CLASSES

### **Seniors**

#### Senior Class History

Our good rocket ship, Class of 1960, blasted off in September 1959, with a crew of thirty-three aboard. Jack Jones was class president, Jerry Bendickson was vice president, while Joyce Haythorne and Carol Wheeler took the positions of secretary and treasurer for the first part of our journey.

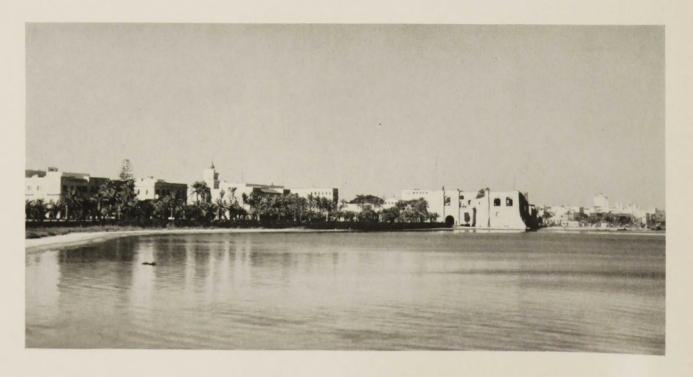

Due to circumstances beyond our control, some members of the crew, including two class officers were transferred to Germany, Turkey and America. Though they left us before we completed our long journey, we shall never forget Jimmy Badley and his dimples, Diana Becker and her freckles, Charles Earnest and his flirty ways, Juanita Ewing and her quiet, studious ways, Frank Härschnitz and his German quotes, Joyce Haythorne and her bangs, Jeralyn Haythorne and her sweet smile, Sandy Rinear and her long, blond ponytail, Janeth Sain and her sharp clothes, Rusty Spicer and his crew-cut, Carol Wheeler and her friendliness, Ron Wildermuth and his ability to get along well with girls, and Judy Wolsey and her wedding band. Dianne Wilson and Errol Cochrane took the positions of secretary and treasurer for the remainder of the trip.

We started the trip off on full throttle by setting up a program of fund raising projects. Among these were the operation of football concession stands, cake sales, and the Halloween Carnival stands. The project that most tested the loyalty of our crew was the slave sale, when the underclassmen took revenge on the almighty seniors for a few days work. Through the months of our journey we were guided by our adviser, Miss Janice Hansen, whose welcomed directions steered us through the senior play and our "Mardi Gras" dance.

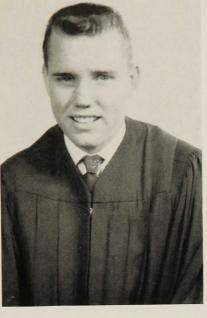

During the course of our trip many seniors participated in various clubs and school organizations. We remember our class represented by cheerleaders Joyce Haythorne, Carol Wheeler, and Sandy Rinear. Janeth Sain organized the girls drill team, "Wheelus High Steppers" and Dianne Wilson, Sally Poff and Donna Gary became participating members of the club. Don Palumbo, Andy Kiryakakis, Earl Brooks, Richard Guthrie, Johnny Johnson, Tom Lehman, Jimmy Badley, Errol Cochrane, Jerry Bendickson, Ron Wildermuth, Tom Cole, Mike Bevacqua and Jack Jones were senior boys representing the class in sports. Members of the senior class taking part in the musical organizations of the school were: Nancy Leonard, Sandra Neal, Donna Gary, Mary Robinett and Sally Poff.

In April the time came for the purpose behind all the fund raising projects: the class trip. Over Easter vacation we flew to Cairo, Egypt and Jerusalem for a wonderful ten days of fun and adventure.

On arriving home from the trip, we settled down to the task of plotting our future flight courses. Whether it be jobs, marriage or college, plans were made for our solo flights into time and space — Commencement: 7 June 1960.

#### B. B. Arnold Bigh School

When officials of Wiesbaden High were greeted this September with news of an additional enrollment of more than two hundred students, it appeared as if half-day sessions for everyone would be the only solution to the shortage of classrooms. Instead, however, the problem was solved without a single student having to lose a minute of his valuable education, through the addition of two more buildings to the already large Wiesbaden High School system.

The AYA, which lies adjacent to the main building, has long played an important part in high school social events. This year, however, it appeared as one enormous classroom to the casual passer-by as he watched more than one hundred students enter and leave the building between each period.

The dormitory, situated across the street from the school, has been serving Wiesbaden High for many years. Each semester many American students arrive at Wiesbaden's dorm, bringing tales of far-off lands that few of us have had the opportunity to see. Now, for the first time, a second dormitory has been created at Wiesbaden Air Base in order that more of these resident

students may be accommodated. The Hainerberg dorm, in addition, serves many other students by providing a hot lunch daily at a nominal cost.

The hub of the Arnold school system is the main building. This two-story structure contains more than twenty-five classrooms and a large, well-staffed office. These classrooms include both laboratories and lecture rooms for biology, chemistry, and physics. Attached to the main building is an auditorium with a capacity of four hundred, and a gymnasium which has witnessed many exciting moments in the athletic lives of Wiesbaden's spirited students.

Here then is part of the story of our school, but it is not a complete one. The most important part of our school is its people. In Wiesbaden our students and teachers come to us from all corners of the U. S. A., and they represent a good cross-section of America; besides this, many of them have lived and worked in the most interesting parts of the world. It is for this reason, then, that we believe our school to be one of the finest anywhere.

THOMAS PAINE

The truth of this statement can readily be found in every periodical in the world today. The present national and international strife exemplifies the desires and conflicts of a seriously divided world. The present belongs to those who govern, but the future belongs to you, the young.

Perhaps some of you at H. H. Arnold will one day be in a position to alleviate some of these problems. Your only weapon for this task is the power of knowledge gained in your schools. Make use of your time here.

Those of you who have completed your high school days at Wiesbaden will carry with you our conviction that you can improve the conditions under which we live, all with the same desire, to have a world of peace and prosperity.

JIM CARROLL, PRESIDENT

CHUCK CARVER, VICE-PRESIDENT

Four years ago we were just beginning our school careers. Three years went by quickly, and when school was dismissed last June, we were looking forward to our senior year with anticipation. Before we knew it, that ineffable time was upon us.

When the Wiesbaden Senior Class of 1960 entered the school building at 8.30 A.M., September 10, many new faces had been added to those of previous years. We were to discover that we were the largest senior class in the history of WHS ---148!

The senior girls luncheon, given to welcome new senior girls, started class activities off with a bang! As the first senior class in WHS to carry over a nucleus of temporary officers, who initiated various activities, we soon organized lunch-time cake sales as a starter on our money raising program. Concessions at the football games offered additional possibilities. Soon, however, the officers pictured here were elected and we were fully under way for a big year.

After much perseverance, the variety show, "Progression in Music", proved to be a success. Many thanks to the members of the troupe for a job well done!

February found every senior busy selling raffle tickets for a creamcolored Sprite. A senior who sold 100 tickets covered the cost of his senior trip. In addition, a point system was established to promote the participation of all in class activities. Eighty points, which could be earned by working in the concessions, the Variety Show, or various other jobs, made one eligible for the trip.

Before we could turn around, spring had crept up on us. A glorious time was spent on our wonderful senior trip; an event never to be forgotten. A gala affair of the season was the Junior-Senior Prom, Time has run unt for the Seniors

KITTIE SWEET, SECRETARY

BARBARA SEARS, TREASURER

given by the Juniors. This was one of the outstanding highlights of our four years and it will be among our fondest memories.

Graduation was upon us. We assembled as a class for the last time in order to receive our diplomas. Then came the last event of the school year . . . the Senior Ball.

Now we stand on the threshold of life . . .

# UNDER CLASS MEN

## Juniors

The doors of Wiesbaden High School burst open, admitting the largest group of enthusiastic and ambitious Juniors in the history of the school. The year began with the election of the class officers who combined their efforts and unique talents to make the year one enjoyed and never to be forgotten by anyone.

The Homecoming Dance was a perfect end to a wonderfully exciting day. We danced beneath the blue and gold after cheering our team to victory. April brought the Junior carnival. Many anxious moments were felt by all before the success of our major money-making project was assured.

The big week finally arrived, the week of the fabulous Junior-Senior Prom. It started with many problems, which is standard order of procedure for the Juniors, but these few wrinkles were finally ironed out with the efforts and supervision of Co-Chairmen Pete Norton and Mike Muse and the entire Prom Committee. On the moonlit spring evening of May 20th, the Prom was held. The Von Steuben Hotel was beautifully decorated, depicting the exquisite charm and loveliness of the "South Pacific." It was a terrific success, thoroughly enjoyed by all. With this triumph another honor was added to the incredible collection of the Junior Class.

These and many more memorable experiences were shared by a class that eagerly looks forward to achieving Senior status. Our thanks and congratulations are extended to all those who toiled long and diligently to make this year outstanding.

# Sophomores

President Judy Moore

Vice-President Diane Farringer

Secretary Jacqueline Manley

Treasurer Margaret Garner

Yes, we were Sophomores, but, alas and alack, not for long was it? Again another year has passed; again a new one appeared; each being different from one as from another. This one was absolutely terrific!

After many campaign speeches by prospective class officers, we elected Judy Moore, a newcomer this year to our school, as president; Diane Faringer a three year Wiesbaden girl, as Vice-President and Jackie Manley and Margaret Garner, both old-timers, as secretary and treasurer. Our all female government immediately began to work on the Sadie Hawkins Dance, a traditional sophomore class project. With the help of our sponsors, Miss Belarski and Mr. Collins, and the money made from bake and trophy sales, enough was earned to make the dance a success. Various other activities were carried out by the sophomore class providing enough fun and frolic to make this year an extremely successful one.

But as we must bid farewell to our favorite teddy bear when we begin nursery school; to temper tantrums when we begin grammer school; and to partial irresponsibility when we enter high school; we must also say adieu to this, a grand year. As we look back over it with smiles on our lips and tears in our eyes, we simultaneously anticipate a new, wonderful year as juniors.

AS TIME IS RUNNING OUT FOR THE SENIORS, IT IS JUST BEGINNING FOR THE FRESHMEN!

Rush, Rush, Rush! For the first weeks of school we were rushing to classes, rushing to find lockers, rushing to find old and new friends. But before long we found ourselves becoming used to the new type of schedules and in general the thought of becoming a part of General H. H. Arnold High School.

We were off to a good start this year when the English classes presented three one act plays. Before we realized it, Christmas was upon us. We were frantically rehearsing to present, with the music department, a pantomime of the nativity scene.

If only we had time enough for everything we planned! Parties, clubs, picnics, dances, basket-ball games and all the other fabulous activities we were being introduced to. But true to the saying "Time Flies", mid-year exams were upons us with a bang! We entered the exam rooms with a frightened feeling, but left with a sigh of relief.

We sincerely hope we have set a pattern for other Freshmen classes in the future, by showing them that it is possible to be among the meek and lowly and still have a wonderful time.

# Annual Staff

"It's got to be different this year!" This was the goal of the annual staff as they pondered over themes, layouts and copy, preparing the Wiesbaden section of VAPOR TRAILS.

The professional photographer had already taken the seven hundred individual portraits, however, before a staff member came up with the theme everyone liked: time. Photographers liked the idea of seasons and day and night pictures. Artists started drawing clocks and sun dials to suggest the passage of time. What the copy staff did, you have probably already noted.

Having one hundred and four pages at first seemed a joy, but as time passed, that number of pages to be filled with interesting material seemed to swell to infinity.

The staff has worked long hours in an attempt to give the students a worthwhile record of this school year. We hope you enjoy the layouts and stories; they reached their final form only after many preliminaries had been considered and rejected. We trust that the time we spent will insure you pleasurable hours of reminiscing.

After overcoming the problems of broken mimeograph machines, a limited supply of paper and meeting a deadline, the *Smoke Signal's* staff frantically put out their first issue of the school paper. These journalists of H. H. Arnold tried to keep their fellow students informed and up to date on the happenings around the school campus. Besides producing the school paper, the staff also contributed high school news to the *Wiesbaden Post. Smoke Signals* was also responsible for sending news to A. F. N. Frankfurt's "Teen Twenty."

The purpose of the National Honor Society is to recognize and encourage scholastic achievement, personal integrity, leadership, and service among American high school students. To most people, an honor society means merely scholastic aptitude and achievement. However, although scholarship is the basic qualifying requirement for membership in this honor society, it is by no means the only requirement. The candidate must also present evidence of fine character, outstanding leadership, and dedicated service. All juniors and seniors who achieve an average of 3.0 or better, without ever having received a grade of 'D' in a major subject or 'F' in any subject, are considered scholastically qualified for admission into this society. The faculty then determines whether or not the candidate has the additional necessary qualities for admission. Our local society is devoting much of its attention to the recognition of those students achieving high scholastic records by publishing the honor roll and presenting awards to particularly outstanding students.

A group of students upon whom the teachers of Wiesbaden High School lean heavily are the office assistants. These students are the legs of the office, the arms behind the duplicating machine, and the voice on the other end of the telephone. Their cheerfulness and encouragement have helped many a frustrated student become calm before

visiting with the Principal. The loss of a study hall does not dampen the spirits nor the grades of the office assistants. They are always striving to benefit the students, the teachers, and the school. Supervised by Mrs. Thomas and Miss Fischer, this group has earned our heartiest gratitude.

### The Counselors Corner

The counselor's assistants or secretaries are not very well known around General H. H. Arnold High, but they do play an important part in school life. For example, who are those girls that always interrupt classes and bring class changes to students? Who are those girls that are constantly changing the schedules on students cards because they still don't know their teachers or room numbers? Who help new students get acquainted with the school? Sure, you guessed it; the counselor's assistants.

There is always plenty of work to be done around the office and these girls are always there to help. They have given up their study hours in order to give service to their school, but they have gained valuable knowledge of office procedures, equipment, and various miscellaneous tasks. So, the next time you go to see Mr. Howard, don't hesitate to ask his assistants for help.

## Fibrary Staff

The backbone of the library function is a group of students who comprise the library staff. These students use their study hall time to assist the librarian, Miss Norman, in cataloging and checking books. They also keep the library in order, straightening shelves and quieting noisy students.

This staff truly helps to make our school library a better place for research studying and pleasure reading. Thanks for a wonderful job, kids!

In the spring of 1959, as the school year was drawing to a close, four Wiesbadenites had a dream. In the fall of that same year when the new school year commenced, this dream came true. This dream is what most Wiesbadenites know today as the "Progress

badenites know today as the "Progressors", H. H. Arnold's first JAZZ COMBO. The four boys who have brought this exciting music called jazz to H. H. Arnold are Brem Morrison, Bill Cook, Pete Thatcher, and Cecil Myers. The "Progressors" have quite a name for themselves, not only in Wiesbaden, but in Frankfurt, Bad Kreuznach, Ramstein, Bonn, and other leading cities in Germany.

Although the boys prefer jazz of a modern vein,

you will often hear them play the ever popular Rock and Roll. They play this primarily to answer the demands of their teenage fans.

Brem Morrison

The highlights of the year included a ten day engagement in Adana, Turkey, and a series of recordings for A.F.N. in Frankfurt.

The boys are planning to get together in college when they return to the States this summer and give the new beat generation there a sample of their music.

It is certain that everyone at General H. H. Arnold has noticed the lovely blue and gold outfits worn by some of our loveliest girls. These girls are members of the school's pep club, more commonly known as the "RACKET SQUAD".

The main purpose of the club is to encourage school spirit. The girls have made posters, held pep rallies, a dance; and last, but certainly not least, they have a drill team composed of twentysix girls. Congratulations, Racket Squad, for work well done!

TACH (Teen-age Auto Club of Hesse) evolved in 1958 from a group of students who possessed an exceptional interest in sports cars. The main organizing force of this evolution was Brooks Swartz. He, as the head of the Constitutional Committee and then as first president, helped establish the continuity of the club by limiting its membership to twenty-five. With this set size, the club is more closely knit and able to function better.

The purpose of the club was to form an organization of ardent sports car enthusiasts and advance their knowledge in this field. In order to have only active members in the club, a system was set

up to ostracize those members not participating in the activities.

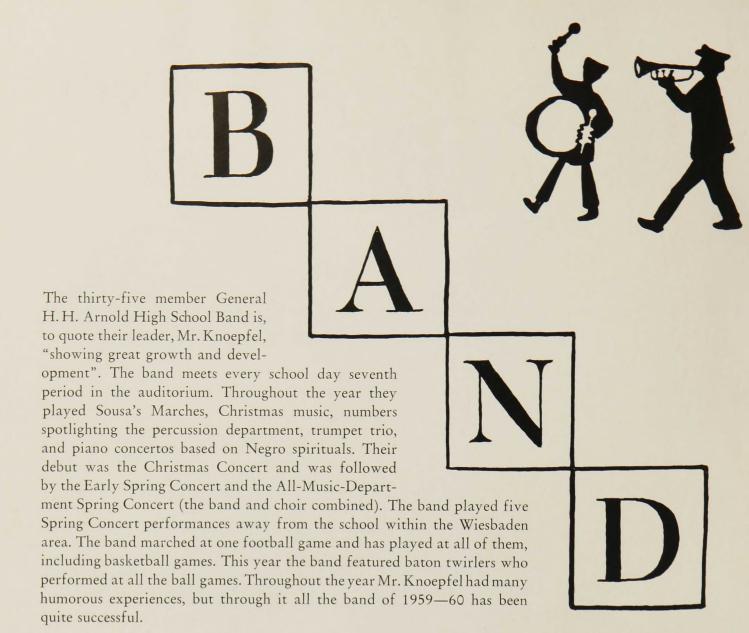

One of the main activities has been the attending of sports car races. Members have attended the races at LeMans, Avus, Reims, Nürburg Ring, and helped with the Pferdsfeld Races. TACH has operated its own Gymkhanas. This winter TACH held a carnival to raise funds for a trip to one of the European sports car races. Additional money raising activities included a dance and the sale of Valentines. This club has attempted to achieve a happy medium between, in the vernacular of its members, the economic "bug" drivers and candy "pig" admirers.

## The General H. H. Arnold High School Band

### Majorettes

New color was added to H. H. Arnold this year by six flashing batons wielded by our first majorettes. The Warrior twirlers have worked hard to make a place for majorettes on the Warrior battlefield.

Leading the high-stepping six as head majorette is sophomore Susan Summers. Also strutting to the band's lively music are juniors Liddie Neece and Trish Farrell; sophomores Shirley Horner and Karen de Courcey with freshman Vicki Ladiser complete the troupe.

In addition to their performances on the football field, the girls twirled their way through basketball season with a flourish.

Attractive uniforms of the girls' own design proudly display the Wiesbaden blue and gold.

Sponsored by Mr. Gerald Knoepfel, the band director, the majorettes are considered part of the band.

The most aristocratic club in the school, the Letterman's Club, has long been a tradition and an honor. This year the club has made a few changes in its constitution. In addition to monitoring the halls and the lunch line, the club has sold tickets to the school basketball games and arranged a bonfire to raise school spirit. The club has also helped to raise dress standards at the school by wearing coats and ties twice a week.

The boys must have earned a varsity letter in one of the four major sports: football, basketball, track, or soccer in any European school in order to become a member. To earn this letter, a boy must have participated in a certain amount of competition. This letter entitles him to all the benefits of a letterman and automatic membership to the club and its activities.

The agenda for the G. A. A. this year has been well-planned and well-carried out by President Jackie Manley and her Vice-President, Sue Sheel, Secretary Diane Swett, and the Treasurer, Casey Lawton.

Time flew as we participated in basketball, softball and volleyball games. These helped us build up the forty points that each girl must earn during the year. Eighty points are needed to acquire the Wiesbaden letter.

G. A. A. bicycle and ice skating trips, bowling tournaments and golf games plus a playday in Frankfurt rounded out the group's active year.

For the fourth year "Von Überalles" opened its doors and became the "home away from home" for 140 excited and curious dormites-to-be.

An excess of forty boys at "Von Überalles" necessitated the addition of another Residence Hall at Wiesbaden Air Base. Although the boys found several new problems to cope with, such as six boys living in one room, they faced them with vigor and determination and quickly surmounted them.

With the new year came changes in the administration. Mrs. Whatley became our new supervisor and eight new counselors arrived. We were

fortunate in retaining four of our counselors from the previous year. They are pictured above, except for Miss Charlotte Schon.

After a week of *fervorous* campaigning we succeeded in electing our officers and representatives to the Dormitory Council, with Dick Keller triumphing as President.

The annual Thanksgiving trip to Garmisch was a roaring success followed in February by an equally successful excursion to Freudenstadt in the Black Forest. Everyone returned with many happy memories, but as in previous years we suffered our share of casualties while trying to attain the art of skiing or ice skating.

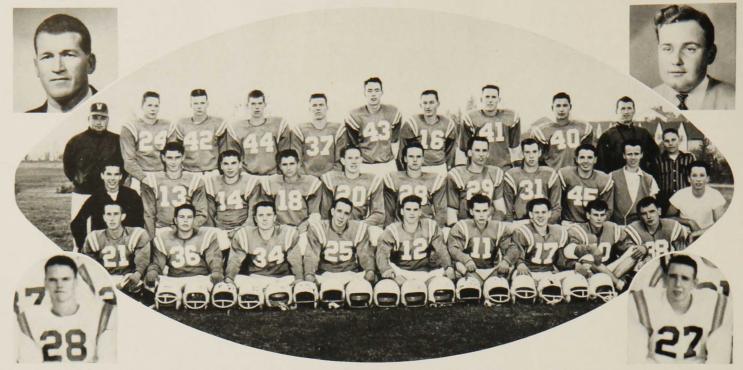

Other events that brightened the year were the Christmas Party which took place at the beautifully decorated Wiesbaden Air Base Officer's Club, our overnight Rhine cruise to Köln, the ping pong, pool, chess, and checker tournaments, and a monthly Sunday dinner at either the Wiesbaden Air Base Officer's Club or the Von Steuben Hotel.

But as usual the most welcome and lookedforward-to event of the year was in June, when we packed our suitcases and left for home. And as each of us passed through the doors of what had been our temporary home, we all knew that in the years to come we would always be able to carry with us the exciting, enriching and memorable events of an unforgettable experience.

This year brought an almost entirely new football team to WHS. Under the expert guidance of Coaches Ryan and Nichols, however, the thirty boys soon functioned as an efficient unit. Unfortunately, Wiesbaden did not succeed in their attempt to recover the Championship enjoyed two years ago, for the final standing showed a record of one win and five losses. More important, however, was the fact that the team profited by their losses. They always played each game with renewed spirits and gave the game their best. The last three games were especially disheartening, as more than half of the starting squad was laid up with injuries. If nothing else was accomplished, men were made from boys. To climax the season, the Blue and Gold entertained the Paris squad. In an exciting battle the home team was victorius, setting the mood for a most enjoyable Homecoming Dance. The Football Banquet brought the Warrior Pigskin season to a happy finish.
